PARENTS AND CHILDREN TOGETHER

Who are PACT?

Parents and Children Together has been helping children and caring for families for nearly 100 years.

Our mission is to **build and strengthen families** and we do this through our work in three areas:

✓ **Housing and community projects**

Every day PACT works with children and parents at community drop-in centres across Berkshire, Oxfordshire and Buckinghamshire.

We also provide services and support to families living with disability, families from ethnic minorities, young or homeless families as well as those affected by domestic violence.

✓ **Fostering and adoption**

As an approved adoption and fostering agency, PACT has a history of finding safe, loving families for children.

✓ **Training for workers in the care sector**

PACT Education offers NVQ training to workers in voluntary and statutory organisations.

Will you help us?

With the help of a gift in your will, PACT will be able to carry on building and strengthening families for many years to come.

You can help us plan for the long term needs of families who need our support.

Arranging a bequest to charity is simple and inexpensive. To help you, PACT has produced a Making a Will Guide.
