

# PACT PIZZA PARTY

## COLOUR IN BUNTING

Get your little ones involved by asking them to colour in this pizza slice bunting.

1. Print out this page as many times as you like on thick paper or card (10 pages will make about 4 metres of bunting if you string it together with 5cm gap between slices) - remember to print single sided!
2. Colour, collage, paint the slices of pizza. This is the really fun bit.
3. Carefully cut out the slices.
4. Use a hole punch or something sharp to punch holes as indicated in the top two corners of each slice.
5. Thread string or ribbon through to make a set of pizza bunting.
6. Throw your party to raise funds for PACT's work with children and families.
